Protozoa

Designed for Better Healing

Key Advantages

Our product reflects Meghdoot Pharma's commitment to **quality, patient safety, and clinical reliability.**

Advanced Fabric Technology

Knitted viscose fabric construction offers superior flexibility and wound coverage.

Atraumatic Removal

HDPE film layer ensures smooth removal without ointment and fibre deposition.

Non-Adherent Design

Prevents dressing from sticking to the wound bed.

Reduced Pain & Irritation

Minimizes skin reaction or stinging sensation.

Clean Healing Environment

No fibre residue or contamination risk.

Quality You Can Trust

Our manufacturing and quality systems comply with international medical device standards.

Certifications

CE Certificate
EC Design Examination

CE Certificate
Full Quality Assurance System

EN ISO 13485 Certification

These certifications ensure that every Meghdoot Pharma product meets **global standards for safety, quality, and performance.**
